## **CHAPTER 6 - IMPLEMENTATION PLAN**

This chapter discusses the implementation plan and schedules for the improvement projects for the Metropolitan Biosolids Center (MBC). After reviewing the various projects proposed in Chapter 1, MWWD classified the projects based on costs, implementation timing, and also implementation methodology.

Presented in Table 6-1 are the major projects (with total construction costs larger than \$0.5 Million) recommended for implementation from Fiscal Years 2006 to 2030 with an estimated total construction cost of about \$55 Million. (*These projects have been recently approved by MWWD for CIP funding and implementation as indicated.*)
